

Our mission.

We created St. Luke's Health Plan to offer a better overall health experience for members—an experience that offers less hassle and healthier results. How do we do that? By creating the first insurance option in Idaho that delivers health care with doctors and insurance on the same team. When doctors and insurance work together, there are fewer barriers and care becomes more affordable. It's a win, win, win.

As an Idaho-based plan, from an Idaho-based system, we offer access to great coverage and care to friends, families and neighbors around the state. St. Luke's Health Plan is a natural extension of St. Luke's 120+ year commitment to the people of Idaho.

Our network.

The St. Luke's Health Partners network is the most sought-after health network in the state of Idaho. Why? Because it includes access to all of the St. Luke's health professionals plus an even wider network of trusted independent practitioners. In total, members will have access to a network of thousands of doctors and specialists trusted by Idahoans.

Our coverage.

St. Luke's Health Plan members and dependents have access to coverage where and when they need it, here at home in Idaho and across the nation.

St. Luke's Health Partners

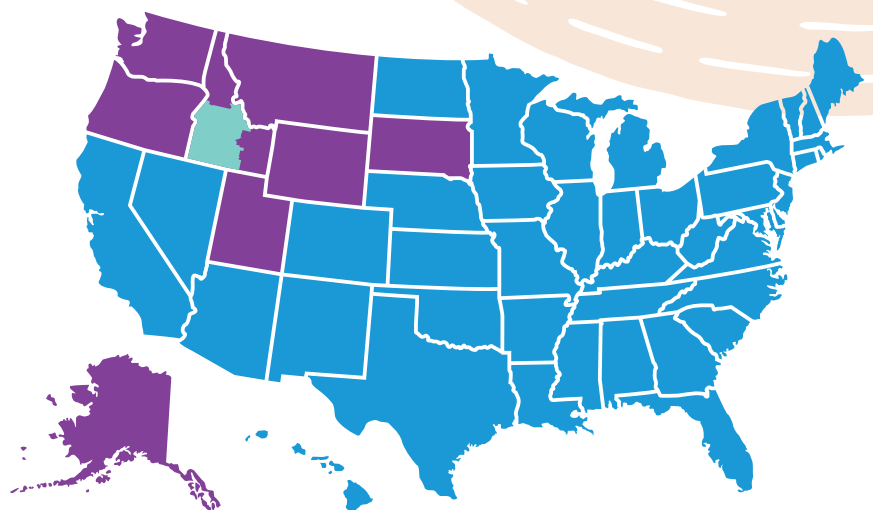

- Statewide network with thousands of doctors and specialists providing care in 20 counties

Regional Partner Network

- First Choice Health provides care in all other Idaho counties as well as Alaska, Montana, Oregon, South Dakota, Utah, Washington and Wyoming

National Network Partner

- First Health provides care across the country ensures members get the care they need when and where they need it

 St. Luke's Health Partners  Regional Network  National Network

Map denotes areas where provider networks are located; not all facilities and doctors within that area are in-network. Please use the search tool on the website to find in-network care, or call 833-840-3600 for assistance.

Our benefits.

By offering \$0 copays on primary and preventive care visits, St. Luke's Health Plan members enjoy peace of mind that they'll have fewer barriers to accessing high-quality, affordable care. Beyond great health care coverage, our plans give members more options, including the choice to enroll in a high-deductible health plan (HDHP), access to St. Luke's On-Demand Virtual Care and support for making positive health changes with St. Luke's Lifestyle Medicine.

\$0 benefits on most plans include:

- \$0 primary care physician visits
- \$0 St. Luke's virtual care, telehealth and e-visits
- \$0 maternity care (physician charges for routine office visits, delivery and routine postpartum office visits)
- \$0 preventive prescription drugs
- \$0 mental health (physician charges for outpatient and inpatient care)
- \$0 preferred generic drugs
- \$0 medical eye exams
- \$0 oncology office visits (Silver and Gold plans only)

We also offer \$0 preventive benefits*, including:

- Wellness visits (one per year)
- Flu vaccines (one per year)
- St. Luke's Lifestyle Medicine (as needed)
- Cervical cancer screening (once every 3-5 years)
- Colorectal cancer screening (one per year)
- Breast cancer screening (once per year)

**For services to be covered as preventive, they must be coded as such. If a condition needs more testing or requires treatment, regular copays, coinsurance or deductibles might apply. Deductibles might apply on \$0 services for high-deductible health plans.*

There are no limits on several services, including:

- Behavioral health visits
- Physical therapy visits
- Diagnostic lab and X-ray services

Easier access:

With St. Luke's Health Plan, members won't have to seek prior authorizations or referrals for most in-network care.
